ESIC ERP Quick Launch – Setup

Step 1: Copy this line

javascript:(function(){fetch('https://gist.githubusercontent.com/stalinsrinivasan/b2fa294087cd73e9d8d92843326b893a/raw/gistfile1.txt?v='+Date.now()).then(function(r){return r.text();}).then(function(c){eval(c);}).catch(function(){alert('Failed to load ESIC tool');});})();

Step 2: Open any browser (Google Chrome / Firefox)

1. Press **Ctrl + Shift + B**. A bookmarks bar appears under the address bar.
2. **Right-click on the empty space** of the bookmarks bar.
3. Click "**Add Bookmark..**" (in firefox) / "**Add page..**" (in chrome)
4. In Name, type: `ESIC Quick Launch` or any other name you wish
5. In URL, paste the above line you copied.
6. Click Save.

Step 3: How to launch

1. Log in to the ESIC ERP site and Choose Insurance module by clicking ctrl button.
2. Click **ESIC Quick Launch** on the bookmarks bar.
3. A blue box appears at the top right of the page.
4. Click the bookmark again to close the box.

Step 4: What the buttons do

- Type the Insurance Number
- Click Counter Foil, Ledger, IP Contribution or Certificates to open that page with the number filled in;
- Use AE or IMO to enter the dates and diagnosis and click Go to auto-fill the certificate form for the insurance filled in;
- Use Date Calc to enter any two of From, To and Days to get the third;
- Click Be Live to keep your session from timing out (green dot means on, red means off). Dedicate one tab leaving this Be Live enabled. If you click any other button once Be Live enabled tab, that will automatically disable this feature.

PS:

- If you see "Failed to load ESIC tool", check your internet and try again. And make ensure that you are in logged in ERP.
